

## Visitors at Haus der Kunst 2022

Haus der Kunst is pleased to announce a very successful year 2022. The visitors' interest in the ongoing exhibitions and events continues on a very high level. Over the Christmas holidays alone, twice as many visitors were recorded as in other average weeks. The Open House (previously 1st Thursday, from January last Friday of the month) with free admission is also very popular, with an average of over 2,000 visits per day.

Particularly strong in 2022 was the exhibition „Fujiko Nakaya. Nebel Leben“, with the highest number of visitors in the recent history of Haus der Kunst in the last ten years. Dumb Type, Carsten Nicolai, Tony Cokes, and Joan Jonas also ran/run above average.

Overall, 2022 was an extremely successful year for Haus der Kunst, with the attendance figures even slightly above 100% of pre-pandemic attendance. This appreciation of the programme and the new vision under Andrea Lissoni makes us very happy..
